ARTUR GABARAEV

IT Specialist · Automation, Web Development & Digital Content

Moscow, Russia · +7 926 390-22-33 · arthurg22@yandex.ru

PROFILE

IT specialist working where development meets digital creative. I write and improve scripts, automate workflows with AI tools (Claude Code, Cursor) and build websites. I also produce video, Photoshop graphics, brand identities, presentations and 3D visuals in Blender, and run social media accounts.

Five years of video production for regional television and public campaigns, experience at an international company in the UAE, and C1 English. Fourth-year Software Engineering student at RTU MIREA. Quick to learn new software and corporate systems.

KEY SKILLS

- **Programming:** Python (writing and maintaining scripts), C++ — basic level, 1C configuration basics
- **Web development:** landing pages, business-card and portfolio sites, responsive layout, deployment
- **Automation & AI:** Claude Code, Cursor — building and optimising scripts, automating routine business processes
- **Video & graphics:** video editing for TV and social media; Photoshop: retouching, banners, covers
- **Design:** brand identity, branded presentations, 3D modelling and rendering in Blender
- **Social media:** content planning, profile design, posts and visuals
- **Business processes:** process analysis, technical task definition, documentation, data analysis; MS Office, Google Workspace

EXPERIENCE

Executive Assistant | INVESOL, Dubai, UAE

2024 — present

- Analysed internal business processes, identified automation opportunities and delivered them with AI tools (Claude Code, Cursor): scripts, data analysis, document preparation
- Organised data on internal projects; worked with corporate documentation and digital tools
- Took part in defining tasks and tracking their delivery
- Worked with an international team in English

Specialist | All-Russian Research Institute of Labour, Moscow

2023 — 2024

- Prepared presentations and reports for public information projects
- Designed layouts, banners and media materials
- Handled urgent tasks under heavy multitasking

Photo & Video Editor | GTRK Samara (state TV and radio), Samara Region representation, Dobro.rf and others

2018 — 2023

- Produced video content for regional television and public information campaigns
- Adapted materials to the formats of different platforms, on deadline
- Worked with several clients at once on tight schedules

EDUCATION

RTU MIREA — Software Engineering, Bachelor's degree

2023 — present, 4th-year student
